

APsystems Warranty Transfer Form

Europe, Middle East, Africa

The YC500, YC600 and YC1000 Microinverters (the "Product") supplied by Altenergy Power System Europe B.V. ("APsystems") are designed to withstand normal operating conditions when used for their originally intended purpose in compliance with the APsystems User Manual supplied with the system. The APsystems Limited Warranty ("Limited Warranty") and, where applicable, Extended Limited Warranty ("Extended Limited Warranty") cover Products that are inoperable because of defects in material and workmanship ("Defective Product") during the Warranty Period. To determine if the system remains under warranty, please contact APsystems at www.APsystems.com. During the Warranty Period, this Limited Warranty may be transferred to subsequent owners of the Product upon completion of this Warranty Transfer Form, and payment of the transfer fee as shown below.

APsystems will extend the existing Warranty on the system shown below upon receipt of this duly executed form and the €100 transfer fee, provided this request is made within 30 days of the actual date of ownership transfer. APsystems reserves the right to confirm the actual date of ownership transfer. APsystems will provide written confirmation of the Warranty transfer.

PREVIOUS SYSTEM OWNER

Name:	Phone:
Mailing Address:	
City:	Region:
Postal Code:	Country:
ECU ID#:	

NEW SYSTEM OWNER

By signature below, I certify that I have taken ownership of the above named system, including photovoltaic array and microinverters, on the date shown.
