## STAND OUT FROM COMPETITION AND OFFER THE POWER OF A FULL AC SOLAR + STORAGE ENERGY MANAGEMENT SYSTEM

As a solar professional, we want to help you to maximize your sales with our AC coupled storage solutions.

To do this, we are launching a special promotion this spring in Europe, allowing you to offer a full solar + storage solution to your customers at an exclusive price: order 1 ELS-5K and 1 APbattery and get to choose between 4 DS3-L, 3 DS3, or 2 DS3-H dual microinverters for free. In order to benefit from this offer, Solar professionals should meet the following conditions:

1. Solar installers should prove to have a VAT number. This promotion is not open to end customers.
2. Orders must be placed, invoiced and shipped between April 7<sup>th</sup>

to June 30<sup>th</sup> to an official APsystems distribution partner in Europe (list available on [emea.apsystems.com/partners](http://emea.apsystems.com/partners)).

3. The order volume must reach a minimum of 1 ELS-5K and 1 APbattery to get to choose between 4 DS3-L, 3 DS3 or 2 DS3-H dual microinverters for free.

4. Installers should submit their distributor invoices online to [po.emea@apsystems.com](mailto:po.emea@apsystems.com) before June 30<sup>th</sup>.

We hope this special offer will help you to maximize your storage sales in the months to come.

Thank you for your loyalty!

APsystems team, EMEA region.

\* 730 VA upgradeable to 760 VA per unit.
